PROJECT DESCRIPTION

On the following page, please provide a description of the project on which you would like to work during the summer workshop. Your project can correspond to an article, a chapter, a lecture, a dissertation proposal, a book proposal, an artistic work or any other creative or intellectual endeavor. It can be at any stage, as long as it is not yet complete and you can make significant progress on it. There are no limitations on the topic, and it *does not* need to relate to a restricted conception of critical theory (such as the Frankfurt School tradition or any other specific heritage). Any interesting and rigorous intellectual or cultural project will be considered. *Please include a statement on how your project relates to the suppressed traditions in the academy—from Marxism and anarchism to anticolonial theory, materialist feminism and much more—that are a particular focus of the CTW/ATC.*
